

The Summer Cruise 2015

Aims and Objectives

The Objective: This year our objective is to get to Southern Ireland and round the Fastnet light house. With as many boats taking part in this cruise as we can. This cruise can be the full on hard graft sailing trip to fastnet or a gentle potter up to Waterford or to Kinsale and Cork.

The Aim Is to have fun while doing it and see something of Ireland while we are at it. We would suggest that it would be possible to get to the farthest point you wish to go in the first 4 days. This will enable an relaxed passage back allowing you to stop and have days ashore enjoy being in Ireland.
